***Continued Examination***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11/9/2006 has been entered.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

The prior art made of record does not teach or fairly suggest the combination of elements as recited in the following independent claim(s). Specifically, the prior art of record does not teach:

applying the set of training documents to the current model to produce a new model, wherein applying the set of training documents to the current model involves computing once for each cluster the probabilistic cost of the cluster existing in a document and triggering no words, and for each document applying this cost and subtracting the effects of words that do exist in the document.

The dependent claims being definite, further limiting and fully enabled by the specification are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
